PROFESSIONAL EXPERIENCE

MTS (Mobile Technology Solutions LLC)

San Diego, CA

Business Operations Analyst

Apr 2025 – Present

- Own operational and logistics performance for a \$30M enterprise account portfolio, serving enterprise customers, internal sales, management, and vendors; focused on pricing and cost analysis, proposal generation, and reporting.
- Selected Project — Fleet Replacement Cost-Benefit Analysis:
 - Independently built a 5-year, 4-scenario financial model evaluating contract, repair, and replacement strategies for a 2,500-unit device fleet to support an anticipated \$10M ARR account decision.
 - Quantified \$2.38M in hidden productivity-loss exposure (68% of total cost) in the lowest-cost option vs. \$238K under full replacement — reframing the decision as a risk question.

Account Administrator

Aug 2024 – Apr 2025

- Managed account operations, CRM/invoice management, and vendor coordination across the \$30M business unit in Excel and NetSuite; promoted to Analyst within eight months.

ConsultNet

Irvine, CA

Account Manager

Jan 2024 – Jul 2024

- Managed client account portfolio for a technology staffing firm; tracked engagement and surfaced at-risk relationships via Salesforce.

Kantata

Irvine, CA

Enterprise Business Development Representative

Apr 2023 – Oct 2023

Mid-Market Business Development Representative

Nov 2021 – Apr 2023

- Built \$800K+ in new pipeline from the ground up; promoted to Enterprise BDR after 18 months based on performance.

SurePrep (now Thomson Reuters)

Irvine, CA

Business Development Representative

Mar 2020 – Aug 2021

- Launched career in BDR within Thomson Reuters' tax-automation division; built CRM discipline and commercial foundation that drove transition into account management.

SELECTED FINANCIAL MODELING PROJECTS (SELF-DIRECTED)

DexCom, Inc. (NASDAQ: DXCM) — Driver-Based DCF Valuation Model

Excel

- Built a 9-tab, fully linked DCF from DexCom's 10-K filings; derived WACC via CAPM and reconciled Gordon Growth vs. exit-multiple terminal value methods via sensitivity analysis.
- Implied share price \$45.49 vs. ~\$89.75 market; documented beta judgment (1.45 vs. 0.75 outlier) and modeled Medicare reimbursement risk as a conservative forecast headwind.

Costco Wholesale (NASDAQ: COST) — Financial Performance Dashboard

Power BI

- 4-page interactive dashboard on FY2021–2025 Costco financials; star-schema data model, Power Query pipeline, and 15+ DAX measures covering margins, liquidity ratios, and leverage trends.
- Net margin 2.6%→2.9% on \$196B→\$275B revenue; liabilities-to-equity 2.3x→1.7x — balance sheet strengthening alongside sustained top-line growth.
