EDUCATION

San Diego State University

Master of Science in Finance (MSF)

San Diego, CA

Aug 2026 – Dec 2028

University of California, Davis

Bachelor of Science in Managerial Economics

Davis, CA

Sep 2015 – Dec 2019

- Honors: Dean's List Scholar
- Activities: NCAA Division I Men's Soccer; Pi Kappa Alpha Fraternity

PROFESSIONAL EXPERIENCE

MTS (Mobile Technology Solutions LLC)

Business Operations Analyst

San Diego, CA

Apr 2025 – Present

- Own financial and operational performance for a \$30M enterprise account portfolio, serving as the primary point of accountability across enterprise customers, internal sales, and vendors.
- Selected Project Experience:
 - Fleet Replacement Cost-Benefit Analysis
 - Independently built a 5-year, 4-scenario financial model evaluating contract, repair, and full-replacement strategies for a 2,500-unit device fleet, developed to inform an anticipated customer-facing replacement decision for a \$10M ARR account.
 - Quantified that the lowest sticker price option carried \$2.38M in hidden productivity-loss exposure (68% of its total cost) versus \$238K under full replacement — reframing a cost question as a risk question for stakeholders.

Account Administrator

Aug 2024 – Apr 2025

- Managed day-to-day account operations, CRM/invoice management, and vendor coordination for the same \$30M business unit in Excel and NetSuite, building the operational and financial fluency that led to promotion within eight months.

ConsultNet

Account Manager

Irvine, CA

Jan 2024 – Jul 2024

- Managed a portfolio of client accounts for a technology services firm, using Salesforce to track engagement and surface at-risk relationships — a deliberate move from a pure sales function into account management.

Kantata

Enterprise Business Development Representative

Irvine, CA

Apr 2023 – Oct 2023

- Promoted after 1.5 years to segment of the outbound pipeline, managing prospecting and qualification in Salesforce and Outreach.io.

Mid-Market Business Development Representative

Nov 2021 – Apr 2023

- Built and qualified +\$800k in new pipeline from the ground up, developing the prospecting and selling ability that drove promotion to Senior BDR.

SurePrep, part of Thomson Reuters

Business Development Representative

Irvine, CA

Mar 2020 – Aug 2021

- Started my career in business development within what is now Thomson Reuters' tax-automation division, building the CRM discipline that seeded the account management track that followed.

SELECTED FINANCIAL MODELING PROJECTS (SELF-DIRECTED)

DexCom, Inc. (NASDAQ: DXCM) — DCF Valuation Model

Excel

- Built a 9-tab, fully linked driver-based DCF from DexCom's public 10-K filings, deriving WACC via CAPM and reconciling Gordon Growth and exit-multiple terminal value methods through sensitivity analysis.
- Derived an implied share price of \$45.49 versus a ~\$89.75 market price; made and documented a consequential beta judgment call (1.45 vs. a 0.75 outlier) rather than defaulting to the most favorable input.

Costco Wholesale (NASDAQ: COST) — Financial Performance Dashboard

Power BI

- Built a 4-page Power BI dashboard on FY2021–FY2025 Costco financials sourced from SEC EDGAR 10-K filings, using Power Query, a star-schema data model, and 15+ DAX measures.
- Found net margin expanded from 2.6% to 2.9% on revenue growth from \$196B to \$275B, while liabilities-to-equity declined from 2.3x to 1.7x — signaling balance-sheet strengthening alongside growth.

SKILLS, SYSTEMS & INTERESTS

Financial Modeling: DCF, cost-benefit analysis, scenario & sensitivity analysis, WACC/CAPM, 3-statement linkage

Technical Skills: Advanced Excel (What-If, IFERROR, absolute referencing), Power BI, DAX, Power Query, currently building SQL and Python (pandas), Claude Code

Systems: NetSuite, Salesforce

Interests: Investing/Trading, Soccer, Hiking/Backpacking, Surfing, Reading
